

## Free to attend both the exhibition & conference

Regen 2015, the exhibition and conference for the UK Regeneration Industry.

### The Exhibition

For exhibitors, Regen 2015 will again provide significant sales and business development opportunities whilst also offering an outstanding networking platform. Regeneration Industry and business leaders from around the UK will converge on Liverpool once again. It is therefore an opportunity not to be missed.

Typical of the 40+ exhibiting organisations will once again include ...

- City councils
- Urban & rural regeneration & development companies
- Housing associations
- Construction companies
- Banks and financial institutions
- Corporates with regeneration ethos
- Regeneration investment agencies
- Architects, town planners and urban design companies
- Local & central government agencies

To take advantage of the business opportunity offered by Regen 2015, contact us to receive more information about exhibiting or securing a sponsorship package.

### The Conference

After the huge success of the 2014 event, the Conference has already become the industry's leading forum for thought leadership in UK regeneration and economic development. The Conference will once again address the latest issues in urban regeneration policy and implementation, highlighting the key successes made in major towns and cities, in areas such as city centre redevelopment and the development of the tourist industry. As Regeneration is about people, place, economic growth and investment which can create sustainable and resilient communities, the Conference will examine the challenges that face towns and cities, in terms of economic development and neighbourhood renewal, and will bring delegates together with policy experts, real-life case studies and industry leaders.

**Regen 2015 is your opportunity to join the UK's leading exhibition and conference for the Regeneration Industry. Register now on our website, it's free of charge.**
